# APA SAJA FITUR MUTIFY?

The image features a central computer monitor displaying the Mutify application. The interface includes a top navigation bar with the Mutify logo and a title 'What to Do'. On the left, a sidebar titled 'Projects' lists days of the week from Monday to Sunday, each represented by a colored button. A large, stylized acronym 'TODOLIST' is positioned vertically on the far left, with arrows pointing from each letter to its corresponding day in the sidebar. In the center, a detailed task card for 'Project BAD' is shown, listing the task 'Mengerjakan assignment 3' and its deadline 'Selasa, 25 Juni 2024 23.59 WIB'. At the bottom of the card is a green button labeled '+ Add a task'. To the right of the monitor, a large, friendly-looking brown sloth wearing round-rimmed glasses and a bow tie is depicted, holding a smoking pipe. The background of the entire scene is a whimsical landscape with rolling green hills, yellow flowers, and a blue sky with white clouds.
